A QUICK GUIDE TO ROYAL HOLLOWAY UNIVERSITY OF LONDON

- ▶ High quality teaching spaces, accommodation, cafés, bars and the sports centre are all set in 135 acres of parkland and forest just 19 miles from central London and 5 miles from Windsor.
- ▶ The university was opened in 1886 by Queen Victoria.
- ▶ Over 20 academic departments ranging from Law to Physics, Drama and Theatre to Computer Science.
- ▶ As both a research and teaching institution, Royal Holloway students are taught by academics who are at the forefront of their research field.
- ▶ Over 130 nationalities are represented, making the Royal Holloway campus a diverse and cosmopolitan community.
- ▶ Royal Holloway offer a passport scheme which records extra-curricular activities to demonstrate the skills learnt outside a degree to future employers.

STUDENT PROFILE

Name: Summer

Course: Film, Television, and Digital Production

What Summer says about her course:

"From lectures on Breaking Bad to Batman, to writing, editing, filming, and collaborating with talented and enthusiastic people... You'll learn so much and have the best time of your life doing so!"

FUN FACT

Royal Holloway's Founder's Building has featured in many TV shows and films over the years, including the 2015 movie *Avengers: Age of Ultron*

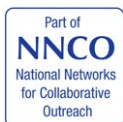

STUDENT LIFE

At Royal Holloway, there are approximately 90 student societies including Gospel Choir, Harry Potter Society and Humans Vs Zombies! There are over 30 SU sports clubs available to join including Football, Nunjitsu, Badminton and American Football.

COOL COURSE - ZOOLOGY (BSC)

Animals come in all shapes and sizes, with each and every animal playing an important role in the ecological balance of our planet. Understanding the principles of identification and the physiology of a broad spectrum of these organisms is critical to zoology. Three year course accredited by the Royal Society of Biology.
