# A QUICK GUIDE TO UNIVERSITY OF SURREY

- ▶ State of the art facilities are surrounded by a green and spacious campus which is just a 34 minute train journey to London from the nearby railway station.
- ▶ Surrey students have a large selection of shops, restaurants, bars and entertainment venues on their doorstep in Guildford.
- ▶ A wide range of subjects are available from Accounting and Finance to Veterinary Medicine and many more in between.
- ▶ As both a research and teaching institution, Surrey students are taught by academics who are at the forefront of their research field.
- ▶ With over 15,000 students from around 140 countries, the campus at Surrey has a lively, dynamic atmosphere with a truly international feel.
- ▶ Surrey Sports Park offers state-of-the-art university sporting facilities and is one of Europe's leading sporting venues. Team Surrey support the health, wellbeing and sporting ambitions of all students with over 45 sports clubs.

## STUDENT PROFILE

Name: Phillimon Seruwo

Course: BSc (Hons) Business and Retail Management

What Phillimon says about his course:

"My Surrey experience has been life changing, not just for the academic learning but also the development of my personal and life skills. It's been a great place to study. Wonderful things definitely do happen here."

## FUN FACT

Surrey is home to world-renowned academics, such as: "Super Vet" Noel Fitzpatrick, star of *The Supervet* on Channel 4 and theoretical physicist Jim Al-Khalili who has hosted numerous BBC productions such as *Genius of Britain* and *The Science of Doctor Who*.

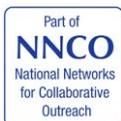

## STUDENT LIFE

The Students' Union is at the heart of campus life, offering a wide range of activities to discover new interests and meet like-minded people. There are more than 200 societies from Harry Potter to TEDx and Gospel choirs to Chemistry.

## PROFESSIONAL TRAINING PLACEMENTS

Surrey's Professional Training Placement programme is amongst the largest in the world with over 2,300 partners in the UK and overseas. The Professional Training Placement offers students the chance to gain invaluable work experience alongside their studies, enhancing their employability in an increasingly competitive job market.
